STANDARD 6

Outcomes

Program evaluation demonstrates that students and graduates have achieved the student learning outcomes, program outcomes, and role-specific graduate competencies of the nursing education unit.

6.1 The systematic plan for evaluation of the nursing education unit emphasizes the ongoing assessment and evaluation of each of the following:

- Student learning outcomes;
- Program outcomes;
- Role-specific graduate competencies; and
- The NLNAC Standards.

The systematic plan of evaluation contains specific, measurable expected levels of achievement; frequency of assessment; appropriate assessment methods; and a minimum of three (3) years of data for each component within the plan.

6.2 Evaluation findings are aggregated and trended by program option, location, and date of completion and are sufficient to inform program decision-making for the maintenance and improvement of the student learning outcomes and the program outcomes.

6.3 Evaluation findings are shared with communities of interest.

6.4 The program demonstrates evidence of achievement in meeting the program outcomes.

6.4.1 Performance on licensure exam: The program's 3-year mean for the licensure exam pass rate will be at or above the national mean for the same 3-year period.

6.4.2 Program completion: Expected levels of achievement for program completion are determined by the faculty and reflect student demographics and program options.

6.4.3 Graduate Program Satisfaction: Qualitative and quantitative measures address graduates six to twelve months post-graduation.

6.4.4 Employer Program Satisfaction: Qualitative and quantitative measures address employer satisfaction with graduate preparation for entry-level positions six to twelve months post-graduation.

6.4.5 Job Placement Rates: Expected levels of achievement are determined by the faculty and are addressed through quantified measures six to twelve months post-graduation.
"Newly-established programs are required to have data from the time of the program’s inception."
