Faculty and students accessing Blackboard may at first see a security warning. This is a temporary problem that the IT department is working to resolve. In the meantime, you may use these steps to access your summer courses:

If Using Google Chrome:
1. Go to Blackboard8.matc.edu.
2. If you see a security warning, click the "Advanced" link.
3. In the settings that appear, click the "Proceed to blackboard8.matc.edu" link to proceed to the login screen.

If Using Mozilla Firefox:
1. Go to Blackboard8.matc.edu.
2. If you see a security warning, click the "Advanced" button.
3. In the settings that appear, click the "Add Exception" button.
4. In the exception box that appears, click "Confirm Security Exception" to proceed to the login screen.

If Using Internet Explorer:
1. Go to Blackboard8.matc.edu.
2. If you see a security warning, click the "Continue to this Website" link to proceed to the login screen.
