

Skeletal System

Bone Tissue

Locate the following structures on the appropriate model or diagram. Understand the function of each.

- _____ Articular cartilage
- _____ Central Canal
- _____ Compact bone
- _____ Diaphysis
- _____ Endosteum
- _____ Epiphyseal (plate) line
- _____ Epiphysis
- _____ Lamellae
- _____ Medullary cavity
- _____ Osteoblast
- _____ Osteoclast
- _____ Osteocyte
- _____ Osteon
- _____ Perforating Canal
- _____ Periosteum
- _____ Proximal epiphysis
- _____ Red marrow
- _____ Spongy bone
- _____ Yellow marrow
